

**WS81215**

## Shaft locating washer

Axial cylindrical roller bearings 812, single direction, comprising K812, GS, WS

## Informacje techniczne

**Main Dimensions & Performance Data**

|                |         |                           |
|----------------|---------|---------------------------|
| d              | 75 mm   | Bore diameter             |
| d <sub>1</sub> | 110 mm  | Lip diameter shaft washer |
| B              | 8 mm    | Height shaft washer       |
| ≈m             | 306,5 g | Masa                      |

**Mounting dimensions**

|                  |      |                           |
|------------------|------|---------------------------|
| r <sub>min</sub> | 1 mm | Minimum chamfer dimension |
|------------------|------|---------------------------|
