

**WS81232**

## Shaft locating washer

Axial cylindrical roller bearings 812, single direction, comprising K812, GS, WS

## Informacje techniczne

**Main Dimensions & Performance Data**

|                |        |                           |
|----------------|--------|---------------------------|
| d              | 160 mm | Bore diameter             |
| d <sub>1</sub> | 222 mm | Lip diameter shaft washer |
| B              | 15 mm  | Height shaft washer       |
| ≈m             | 2,3 kg | Masa                      |

**Mounting dimensions**

|                  |        |                           |
|------------------|--------|---------------------------|
| r <sub>min</sub> | 1,5 mm | Minimum chamfer dimension |
|------------------|--------|---------------------------|
